

# Non-Cash Records

As you track your experiences, not all of your records involve paying cash. Non-cash records help show other records that support your SAEs.

## Non-Cash Records

- 1. SAE Labor Exchange** - showing how you traded time working in a similar SAE area for SAE expenses
- 2. Non-SAE Labor Exchange** - trading your work, but unrelated to your SAE, and still helps pay SAE expenses
- 3. Transfer/Barter** - trading SAE items from one project to support another SAE
- 4. Gift** - Free SAE expense items
- 5. Used at Home** - selling SAE items for home use or donating items
- 6. Transfer or Work for a Non-Current item** - relates to an SAE creating a new non-current item (long-term use)

## Like...

1. Working for someone feeding their animals so that they pay for your SAE feed expenses
2. Cleaning your room so that someone will pay for your SAE feed expenses
3. Harvesting SAE corn and transfer some to your other SAE that is selling bagged deer corn
4. A family member gives you your show pig to raise and sell
5. Having a Garden SAE, and instead of selling, you donate to the local food bank
6. Raising a young heifer and deciding to not sell, but place in your breeding cattle SAE

All Non-Cash Records have

Income & Expense:

Income or  
Credit to show  
earnings or  
equity area

Expense side  
to show SAE  
cost or asset  
area
